

Avoiding Injury Recurrences

From
Country: UK (Rugby Plant)

Details

To help prevent injury recurrences, STOP & THINK signs showing previous incidents are being erected in the relevant areas around the site. This helps remind everyone on site of these injuries, what happened in the area in which they are working and how best to avoid any recurrences .

STOP AND THINK

OPERATOR COULD NOT STOP THE EQUIPMENT DUE TO BENT TRIGGER GUARD

TO AVOID INJURY:-
Complete pre-start checks
Report defects
Do NOT use if defective

REMEMBER WHEN

An operator suffered a grazed chin, when checking the gas bottle gauges and hoses. One hose burst, whipped around and struck him on the chin.

TO AVOID INJURY:-
ENSURE PEOPLE ARE TRAINED HOW TO INSPECT EQUIPMENT AND REPORT FAULTS!!
